

E-Z Ancor® **STUD SOLVER**™

PRODUCT DESCRIPTION:

Stud Solver is the next generation of the E-Z Ancor® Zinc product. It includes all of the features of the current product, and adds an exclusive wood-drilling tip. Stud-Solver works in every drywall application – even when you hit a stud!

FEATURES & BENEFITS:

| | | | |
|---|--|--|---|
|  | <p>Works in drywall every time...</p> |  | <p>Even if you hit a stud!</p> |
|---|--|--|---|

| <i>FEATURE</i> | <i>BENEFIT</i> |
|---|--|
| Patented Breakaway Wood-Drilling Tip | <ul style="list-style-type: none"> STUD SOLVER™ works every time, even when you hit a stud behind the drywall! STUD SOLVER starts easier than other self-drilling drywall anchors. No pre-drilling required! STUD SOLVER™ can accommodate screws of any length. |
| Improved Stick-Fit | <ul style="list-style-type: none"> STUD SOLVER™'s Phillips recess mates snugly with most #2 Phillips drivers. |
| Patented Spline Configuration | <ul style="list-style-type: none"> STUD SOLVER™ can accommodate #6-#8 diameter screws. |
| Enhanced Thread Design | <ul style="list-style-type: none"> Hangs up to 50-lbs in ½" drywall. |
